TIME TO ADAPT

*Dr. William Soto Santiago
Sunday, December 15, 1991
Santafe de Bogota, Colombia*

We hope that Latin America and the Caribbean will adapt to the Divine Program, because it is the time to adapt; and may it adapt to the Divine Program that God has with the elect, with His children. Not to adapt to the program of the beast and the image of the beast, and of those ten kings who will give their power to the beast, but to adapt to the Divine Program that God has with His elect, with His children, to pass them on to the glorious Millennial Kingdom with eternal bodies.

I hope that on some occasion God will give me a clearer message for all of Latin America and the Caribbean; not only for the elect, but for the rest of the people, politicians, rulers, as well as the rest of Latin American and Caribbean people; because there is a great opportunity to reach mercy before God; not only for the elect, but for all Latin American and Caribbean people.

THE INHERITANCE

*Dr. William Soto Santiago
Sunday, August 12, 1990
Cucuta, Colombia*

We are now to return to the House of our heavenly Father, we are now to receive our inheritance in all its fullness, everything that belongs to us, which for so many thousands of years has been out of the hands of God's children.

Now, the ministry of the end time in that stage where the divine judgments will come, it is clearly seen that it is a ministry with the Inheritance, with the Title Deed and the Inheritance, and correctly using that inheritance, and ordering that inheritance to do what is convenient in the Kingdom of God; because with those divine judgments that will fall

during the great tribulation, those exploding volcanoes, those tidal waves and earthquakes and all those things, the Earth is going to be renewed and prepared for the glorious Millennial Kingdom.

Will there be for this end time any territory or territories that will escape the divine judgments? We hope that Latin America and the Caribbean will escape from the divine judgments; even if their coasts are affected, but that they may be a place of refuge for the foolish virgins. Not for us, why? Because we are going to leave from here. But for the group of foolish virgins, even though they are going to be persecuted and killed by the beast, by the antichrist, but let there be a place where many people can flee to.

Now, we wish that Latin American and Caribbean people (in their majority) could enter the Millennial Kingdom of Christ; and even more, we wish that all the foolish Latin American and Caribbean virgins could enter the Millennial Kingdom, that they would not die, that would be our wish; and that the Millennial Kingdom would be full of Latin American and Caribbean people.

THE DIVINITY'S TRAJECTORY UNTIL OUR TIME

Dr. William Soto Santiago

Sunday, October 14, 1990

Cayey, Puerto Rico

In Latin America, the promises of the Coming of the Son of Man with His Angels are being fulfilled, by calling and gathering all the elect. It is not a human work, but the Work of the Divinity in our time, as He promised; and soon the bodies in Christ, of past ages, will resurrect and will appear among the elect of this end time; and when we see the elect resurrected, we will be transformed, and will be in eternal bodies. And all together, all together, we will have a season of 30 to 40 days, in which great and wonderful things will happen with God's children adopted as God's children, with all their rights and with all the power conferred by God, restored, to the children of God.

Do you know what that means? That means that every child of God will be as Adam was in the Garden of Eden again, and as the Lord Jesus

Christ was here on Earth in the days of His earthly visitation. So it will be a wonderful season; it will be a season where we will already be adopted; it will be a season where that glorious manifestation of God's children will be a reality.

So we are being prepared at this time. The Work of the Divinity is a Work to prepare each of God's children for the adoption and transformation of each child of God, each elect, each of His children whose names are written in the Lamb's Book of Life. The Divinity at this time is preparing all of us to receive the transformation of our bodies.

WORDS OF GREETINGS TO THE LADIES

I am also arm in arm with Puerto Rico, along with missionary Miguel Bermudez Marin in that great project. It is a project based on the Word.

Just as Moses built a tabernacle and Solomon built a temple; and also the Reverend William Branham saw the culmination of the Church, the culminating part, in a Tent Cathedral; we work to bring into existence that which was seen by the Reverend William Branham.

In order to make it a reality, God has to use people for that work. He has been using His Church with His ministers throughout these two thousand years; and at this time He has ministers and has elect in His Church, for Him to carry out the pertaining work; in other words, to let themselves be used by God, so that all the promises relevant to this end time in the stage of the Age of the Cornerstone, in this dispensational intertwining, may become a reality.

It is a privilege to work arm in arm with God, as God's partners, because that is what we are: God's partners; that is why in the parables of the mines and also of the talents, He gave talents (and in the other one, He gave mines), and all that is money to work in the project that God had; and each one worked: Some multiplied what God had given them, what the Father of the Family had given them, and another (one of them) didn't, and lost God's blessing, and what he had was taken away from him and given to the one who had more.

And of those who worked and multiplied what had been given to them, it was not taken away; when they are asked to an account and each one is accountable to God, everything was left to those people. There one

discovers that everything they worked for was for themselves.

This is how we work in the Work with the talents that God gives us; and then, in the judgment of distribution of the awards... because “He comes and His reward comes with Him to reward each one according to his (what?) work.¹”

And I hope that those rewarded with the greatest blessings will be those of our time. We have the knowledge of all that pertains to each age, plus our knowledge, of our time, that they didn’t have in other ages. Therefore, we have many more advantages than those of other ages, and therefore we can work more extensively in the Lord’s Work. And I hope that the group of our age will be the one with the greatest rewards, and the one that is by the side of the Lord, the one that is closest to the Lord in His Millennial Kingdom.

THE MANIFESTED DIVINE LOVE

Now, the blessing, as I have always said, a blessing is never lost; and the talent is given to the one who has more.

To the one who had five or ten, because he had gained..., five were given to him and he gained five, so he had ten; and then he was given one more, so he had eleven; and after a little while he was going to multiply it; and when they asked him again for an account, he would have twenty-two or he would have much more.

Because more will be given to the one who has²; to the one who works, more will be given: More blessing from God, more talents from God, to work, because he is faithful in the Kingdom of God; and of the lazy ones, what they have is taken away, and they are taken out of the Program of God, they are taken out of the Work of God.

Because a lazy person is a hindrance in the Work of God: Instead of encouraging those who work, what they do is discourage them; but a man who works in the Kingdom of God, fills others with encouragement.
